1 **THE COURT:** Of use? So, are you going to be able to show
2 that there was some point in time where that exact set of LiDAR
3 signals was used to sort of jump-start their program? Even if
4 they're not using it now, they used it at one point in their
5 development?

6 **MS. BAILY:** Well, I would say, Your Honor, having that
7 information that resulted from seven years of iterations and
8 driving miles, it's in some ways the crown jewels of the kind of
9 technology that we are talking about.

10 So I would say that having access to that and having -- and
11 evidence of use with respect to that, that's a big damages
12 number.

13 **THE COURT:** All right. So, but I -- maybe we'll hear more
14 about this, in this closed session. But I think I know the
15 trade secret you are talking about.

16 And are you going to be able to show that that document is
17 in the files of Uber? I don't think so.

18 **MS. BAILY:** We have evidence of the use of the information.

19 **THE COURT:** I'm going to just leave it there.

20 Do you know which one she's talking about?

21 **MS. DUNN:** I do know. I --

22 **THE COURT:** Well, all right. Well, that one, if it was in
23 fact used and consulted, that would be some valuable
24 information. I think that's correct. I don't know what the
25 dollar amounts would come to.
